

# Background Checks!

The safety and security of our children, and insurance regulations, require that all camp staff and adult counselors have completed a State-mandated LIVE SCAN background check on file with the Association office. The Pastor's signature on the Counselor's Application is to certify this has been done, and that the adult is eligible to work with minors.

There is a LIVE SCAN form on the Association Website ([office@acogscn.org](mailto:office@acogscn.org)), and also in this packet, that you must use so the information can be sent to the Association office. You can find a blank form on the Dept. Of Justice website. There are a number of places where this form can be completed. The price varies from free to about \$40.00. The sponsoring church or member is responsible for the cost of the LIVE SCAN, according to your local church policy.
